

Consortium Connections

*Connecting campuses to promote excellence in science and
mathematics*

Upcoming opportunities

- Registration is now open for our faculty development workshop on **Scientific Instrumentation in the Curriculum**. This workshop will be held June 21-23 at Gustavus Adolphus College in southern MN. Registration deadline is June 8 (June 1 for presenters). http://mathsciconsortium.org/event_information/scientific-instrumentation-in-the-undergraduate-curriculum
- **Early Career Workshop** This workshop, formerly known as the New Faculty Workshop, will be held July 10-12, 2015. It will also be held at Gustavus Adolphus College. Registration is open now through June 26. This workshop is appropriate for tenure-track or non-tenure-track faculty who will begin the first, second, or third year of their appointment at a Midstates member institution next year. It is also appropriate for postdoctoral fellows or senior graduate students who plan to seek a faculty career at a primarily undergraduate institution. http://mathsciconsortium.org/event_information/2015-workshop-for-early-career-success

Other opportunities

- Do you wish we had more **faculty development workshops** that interest you? Do you wish they would be held somewhere other than Gustavus! It's up to you! Most faculty development workshops are proposed and planned jointly among Consortium staff and member institution faculty. Send the Director an e-mail or talk to your campus representative if you have ideas!
- **Speaker Series** The Consortium has funds to support seminar visits among member institutions. This fund has been underused this academic year, so plenty of funds remain! If you are willing to give a seminar, please add yourself to our speaker database. If you are looking for a seminar speaker, please search our speaker database. You are not limited to those in the database, but it is an excellent group of folks who would like to give seminars at Consortium institutions. <http://mathsciconsortium.org/speaker>
