

Janet Andersen Lecture Award

Established by the Midstates Consortium for Math and Science in 2008

Nomination deadline: April 15, 2009

www.mathsciconsortium.org

Professor Janet Andersen was a beloved faculty member in the Hope College Mathematics Department and served enthusiastically as the Midstates Consortium Director for five years before her life ended tragically in an automobile accident in November 2005. As a teacher and scholar, Janet was devoted to providing creative, high quality learning experiences for her students, and she herself was always learning as she was teaching. As Consortium Director, she looked for ways to connect with and support natural science faculty, both new and experienced.

To honor Janet Andersen's dedication and commitment to her work with students and faculty in her teaching, research and service to the Consortium, the Janet Andersen Lecture Award was established in 2008. The Midstates Consortium will choose one faculty member from one of the Consortium member institutions each year to present the Janet Andersen Lecture at one of the fall Undergraduate Research Symposia on a topic of his or her expertise. The award recipient will also receive a \$300 honorarium.

The Midstates Consortium invites faculty, students, staff and administrators to nominate faculty members in the Consortium for the Janet Andersen Lecture award. We encourage nominations for faculty members of any rank who have vigorous research programs involving undergraduates, who are exceptional mentors for undergraduate research students, or who create interdisciplinary research opportunities for undergraduate students.

The Consortium will accept nominations for the 2009 award until April 15, 2009. The award recipient will be selected at this spring's Executive Committee Meeting.

Please send a letter of nomination with relevant details about the faculty member and a recent CV of the nominee to:

Karen Nordell Pearson
Midstates Consortium Director
