- **Executive Committee Meeting.** The Midstates Consortium is run by a Director (Brandy Russell), a Program Assistant (Brenda Kroenke), and an Executive Committee. The latter is made up of faculty representatives from each campus. We met recently (April 26) in St. Paul to discuss the past year's programs and to plan the next year. Please join me in thanking the Executive Committee for their hard work not only at this annual meeting, but throughout the year in communicating with all of you about Midstates Programs. See our Members page to learn who is on the Executive Committee.
